

Regina Region Local Immigration Partnership Funding Guide

An overall goal of the Regina Region Local Immigration Partnership (RRLIP) is to support the community in their support of newcomers. As funding is key for community based organizations, the RRLIP is committed to sharing targeted information to support organizations in their search for funding. This guide identifies funding sources that can be used to support newcomer program, service and resource development. Each source has its own specific criteria and application process.

Please share this information widely with community contacts. It is through the identification and sharing of opportunities that we can support the sector in meeting the needs of newcomers.

If you are aware of other funding opportunities that are suited to supporting newcomer program, service and resource development, please contact the RRLIP office at info@rrlip.ca. Updates to the funding guide will be completed as often as possible.

If you require a hard copy of this funding guide please contact the RRLIP office.

Granting Body	Title	Funding Source/Scope	General Purpose	Value / Maximum	Who Can Apply	Deadline	Contact Info
